## COAT HANGER

Using natural materials and cord, a coat hanger can be constructed. Good for using on a drying rack, the coat hanger is one of the easier crafts to construct. Steps to constructing a coat hanger:

1. Collect the natural resources, including**:**
   a. one slightly bent pole 60 cm long, and
   b. one forked stick approximately 15 cm long or a bent stick approximately 30 cm long.
2. Lash either a forked stick or bent stick (as illustrated in Figure 18AD-1), to the slightly bent pole.
