SIMPLE BENCH

Using natural materials and cord, a bench can be constructed. A simple bench can double as a tool storage area or a work bench. Steps to constructing a simple bench:

1. Collect the natural resources, including:
   a. six sturdy logs approximately 100 cm long and 15 cm thick, and
   b. one sturdy log approximately 150 cm long and 15 cm thick.
2. Using round lashings, create two tripod frames.
3. Attach a sturdy log to the tripod frames to sit on.
